

ASSISTIVE TECHNOLOGY PATHWAY

IMAGINE the possibilities

LifeTec can assist you to imagine the things you want to do and what products or technologies could help you achieve this.

SEEK information and advice

Learn about and explore some AT options to best enable you to achieve your goals and aspirations.

CHOOSE the best option for you

LifeTec will work with you to choose your AT through a process of assessment, trial and prescription.

LIVE successfully with your AT

Once you have acquired your chosen AT, LifeTec can set-up, fit and train you on its use. We are available for ongoing support as your needs change and grow.

EVERYDAY PEOPLE EVERYDAY LIVING

Who is LifeTec?

LifeTec is a social enterprise that provides dedicated assistive technology (AT) services. Our aim is to enable people of all ages and abilities to actively engage in home, work, school and community life.

Established in 1981, LifeTec has a team of health professionals including occupational therapists, speech pathologists and physiotherapists who have a passion for AT.

What is assistive technology?

Assistive technology is any product, device or system that provides people with practical solutions to everyday life activities. Assistive technology helps millions of people learn, work, socialise, achieve independence, or simply get more out of their lives.

You make the choices

With Consumer Directed Care (CDC) such as NDIS and My Aged Care now available, people will be able to choose where and how they want to invest their funding support. This includes funding for AT.

This type of person-centred care is designed to encourage people to make their own choices about the support they need to live their potential.

LifeTec shares the same goals.

Access Points makes getting AT easier

With Display Centres in Brisbane and Townsville and LifeTec Access Points in regional areas across Australia, it is now easier for you to access AT services. Can't make it to an Access Point? We can come to you or we can use tele-health.

LifeTec Services

With over 35 years' experience partnering with people to **IMAGINE, SEEK, CHOOSE** and **LIVE** the best AT solutions; you are able to rely on us as your trusted advisor.
