4 APPS FOR WHEELCHAIR USERS

LifeTec has identified the following list of apps that may be helpful for wheelchair users.

What can I choose from:

App	Cost	Stores
 <p>The WheelMap app is an interactive global map which allows users to rate and provide feedback on the accessibility of public spaces, including shops and restaurants. Users can rate a range of venues on a 3 point scale and the results are then displayed to other users of the app. Users are also able to add new locations to the map data.</p>	Free	 Android  iOS
 <p>WheelMate is a multilingual interactive global map which allows users to rate and provide feedback on the accessibility of public spaces. The app focuses on the accessibility of toilets and parking facilities and allows users to add new locations to the map.</p>	Free	 Android  iOS
 <p>Access Earth is a community of people working to make travel easy and equal. Our mission is to empower more people to embark on new adventures. Its members give each other the specific information they need to try new restaurants, hotels and tourist attractions without worrying about accessibility.</p>	Free	 Android  iOS
 <p>The National Public Toilet Map The National Public Toilet Map app was funded by the Australian Government Department of Health and Ageing as part of the National Continence Management Strategy. It collates information on the location and accessibility of the 14,000 public toilet facilities in Australia.</p>	Free	 Android  iOS

These apps were current at the time of print. LifeTec provides this information for your convenience. It should not be construed as professional advice. Individuals should obtain independent professional advice on the suitability and reliability of these products for their own circumstances.
